CME865W & CME1002W SERVICE PARTS

This parts list contains the parts for the **CME865W** and the **CME1002W.** The model number of the machine is located on the ice machine in two places: on the back panel, and behind the front panel below the control box.

Check the model number to be certain of obtaining the correct parts. Some machines are 50 Hz. They have a "-6" at the end of the model number, such as CME1002WE**-6A**

The major differences are in the timer, the compressor and its starting components. The two models also have different Hot Gas Valves.
