

Thirsty For Profits?

Stowaway® Model SC118
(with optional spinner)

 **STOELTING®**

The Stowaway® frozen beverage dispenser by Stoelting® is a hard-working asset to any establishment. Whether you're churning out kids' beverages or pouring high-margin specialty cocktails, the Stowaway will serve up profits. Every drink is smooth and uniform - no chunks of ice and no separation. And with front-to-back airflow, units can be placed side-by-side for multiple flavor applications. Save time and make money by putting the Stowaway on your counter. Nothing does more, faster!

Small Wonder!

The Stowaway® is a countertop profit machine. This compact unit fits onto any crowded bar or counter, yet its high capacity means it will turn out up to seven gallons of frozen product every hour. (Gallons per hour will vary with the product and ambient temperature.) And the Stowaway is as versatile as it is fast, dispensing frozen, ready-to-serve drinks or flavor-added blends, all with the same smooth consistency.

STOWAWAY FEATURES

An innovator in engineering and manufacturing, Stoelting packed the SC118 with profit-boosting features:

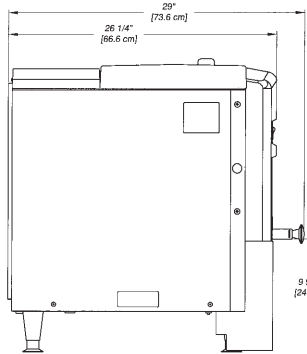

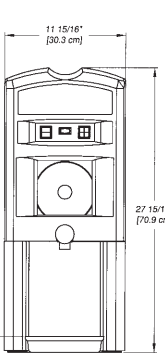

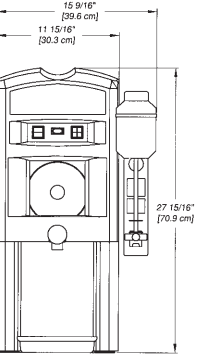

- Easy plug-in installation
- Lighted, moving product and flavor label attract attention and merchandise product
- Flavor label may be customized for your application
